

G&H

TISSUE OIL

LAUNCHING
1st JUNE 2021

G&H

TISSUE OIL

- G&H Tissue Oil 200ml is a non-greasy easily absorbed oil that consists of a blend of various oils that helps to replenish the skin's natural oils and helps moisturise skin.
- With regular application it hydrates the skin which means the skin is less likely to scar.
- This tissue oil also helps with the skin's elasticity, leaving skin feeling supple and softer.
- **INCA INCHI** Oils is unique to AMWAY- helps improve skin's texture & helps softens the skin.

G&H

TISSUE OIL

INCA INCHI OIL BENEFITS:

- The oil contains the component Behenic acid, which has anti-ageing properties to help restore skin elasticity keeping it firm, supple and smooth resulting in a younger looking complexion.
- Behenic acid has emollient, and soothing properties, which help to restore the skin's natural oils and improve overall levels of hydration.

Further benefits include:

- Helps reduce the appearance of dark spots
- Helps minimise the appearance of enlarged pores
- Helps provide long lasting hydration
- Has anti-oxidants to protect skin cells against free radical defence
- Helps improve skin elasticity and signs of ageing

G&H

TISSUE OIL

- The Tissue oil contains **AVOCADO OIL** for softer and supple skin.
- **OLIVE OIL** to relieve dry skin.
- **VITAMIN E & A** with antioxidants to help to protect skin cells against free radicals.
- **SWEET ALMOND OIL** – Almond oil is an emollient, which means it helps to balance the absorption of moisture and water loss of the skin.
- **SOYABEAN OIL** - Soybean oil is rich in vitamin E, a nutrient that helps promote skin health and has anti-inflammatory and hydrating properties which help the skin retain moisture.
- **ARGAN OIL** - contains antioxidants that can help regenerate the skin tone and protects the skin cells from free radical damage.
