

# FAQ

**1. WHAT SKIN CONCERNS DOES THE ARTISTRY LABS ILLUMINATING SYSTEM ADDRESS?**

Dark spots, discolouration, and skin tone that is generally uneven.

**2. CAN I USE THE TWO PRODUCTS SEPARATELY?**

The power and effectiveness of the Illuminating System require that both products are used together. Make sure that when you invest in your skin with this valuable system, you do it correctly and consistently for optimum results.

**3. HOW SOON WILL I NOTICE RESULTS?**

Some dark spots and discolouration may be more persistent, and visible improvement can take up to one week or longer. Consistent use twice daily is key to start seeing results.

**4. CAN YOU USE THE SYSTEM WITH ARTISTRY SKIN NUTRITION VITAMIN C + HA3 DAILY SERUM?**

Yes, the Illuminating System can be used with the Vitamin C + HA3 Daily Serum as well as the Artistry Defying and Correcting Serums. We recommend that consumers adjust the use of combined products based on their own individual skin sensitivities. If you experience any irritation, discontinue combined product use.

**5. ARE THERE ANY SPECIFIC ARTISTRY PRODUCTS TO AVOID WHILE USING LABS ILLUMINATING SYSTEM?**

We do not recommend using the system with Artistry Intensive Skincare Artistry Labs Retexturizing System, Artistry Signature Select Anti-Spot Amplifier, Artistry Signature Select Brightening Amplifier as well as products for acne or any that contain strong exfoliating agents.

**6. CAN I USE THIS SYSTEM FOR LONGER THAN FOUR WEEKS?**

The Illuminating System was designed as a four-week routine. However, it is safe to use in an ongoing manner as a daily routine for 12 weeks to obtain more dramatic results. Use caution and discontinue use if any issues arise.

**7. CAN THIS BE USED WITH ARTISTRY LABS RETEXTURIZING SYSTEM AT THE SAME TIME?**

We do not recommend the use of Artistry Labs Illuminating System at the same time as Artistry Labs Retexturizing System. However, you can try the Illuminating System on non-peel days of your Retexturizing System regime if your skin allows it. If you experience any sensitivity, like irritation or redness, please discontinue combined product use and return to one-at-a-time use.

**8. IF I EXPERIENCE ANY SKIN REACTION OR SENSITIVITY AFTER APPLICATION, WHAT SHOULD I DO?**

These products have been rigorously tested, though every person's skin is different. If you or a customer experience a skin reaction, first rinse off the product and stop use. Consult your doctor if a rash occurs. Do not use on damaged or broken skin.
