Shared Email Account

For the **first time** in Amway's history, four Artistry™ Skin Care SPF products have earned The Skin Cancer Foundation Seal of Recommendation for safe and effective sun protection. These products are part of the Artistry™ collection, an innovative blend of science and nature that delivers beautiful skin

The products* include 2 from Artistry Range:

- Artistry™ Renewing Reactivation Day Lotion SPF 30
- Artistry™ Renewing Reactivation Day Cream SPF 30

The Skin Cancer Foundation grants the Seal of Recommendation to products that meet the criteria for safe and effective sun protection. Amway is proud to be part of this program and demonstrate our commitment to skin care.

Amway is a member of [The Skin Cancer Foundation's](#) Corporate Council. Our mission of helping people live better, healthier lives pairs beautifully with the foundation's commitment to saving and improving lives.

At Amway, we believe that beauty begins with caring for your skin. We support the foundation's work of empowering people to take a proactive approach to daily sun protection and the early detection and treatment of skin cancer.

Looking ahead, Amway will continue to actively seek The Skin Cancer Foundation Seal of Recommendation for global sun protection product launches.

Fun Fact: Our relationship with The Skin Cancer Foundation is not a new one. Amway was a member of The Skin Cancer Foundation's Corporate Council from 1988 – 2000!

GET THE LOOK WITHOUT THE RISK

SUN PACER Sunless Tanning Lotion gives you a tan, without the sun. Unlike the bronzer products of the '60s, it's not a dye. Instead, it works with your skin, changing its color to produce a natural-looking tan—one that will last for days, will fade naturally, and won't wash off in the shower or pool. As an added benefit, SUN PACER Sunless Tanning Lotion contains a sunscreen, allowing you to tan safely, while providing 15 times your natural protection against sun damage during any incidental exposure to the sun. It's also dermatologist-tested and contains petrolatum and other moisturizers to help keep your skin feeling soft.
