

THE PUREST ESSENCE OF HYDRATION

Did you know that omega fatty acids are essential healthy fats, well-known for their role in overall wellness?

Not only do they support your body, brain, heart, and eyes when consumed, but also play a key role in maintaining healthy-looking skin when applied topically.

The new **Artistry Omega Drops** facial oil delivers, drop by drop, a carefully curated blend of omegas 3, 6, 7, and 9. These essential fatty acids are key components of your skin's natural lipids. By replenishing them, **Omega Drops** helps maintain a strong, healthy lipid barrier that protects your skin from external stressors and locks in essential moisture.

Because the **stratum corneum** (the outermost layer of the skin) is also rich in lipids, this **lightweight facial oil** absorbs quickly, delivering omega fatty acids where they're needed most.

What makes it special?

Delivers a rich mix of omegas 3, 6, 7, and 9 that your skin needs. Replenishes the skin's natural lipids to reinforce the barrier, helps seal in moisture for up to 24 hours*, soothes dryness, and reveals a radiant glow.

99% plant-based oil, expertly blended with 10+ carefully selected botanical oils — five of which are sourced from plants grown at Nutrilite™ or at our Nutricert-certified partner farms.

Lightweight and fast-absorbing. Suitable for all skin types — not just dry skin. It's a must-have addition to any skincare routine, all year round!

Results proven in clinical test

- Moisturisation increased by 76%*
- Moisturisation increased up to 24 hours after application*
- 103% improvement in the appearance of skin glossiness*
- Restores the skin's natural oil content by 97%*

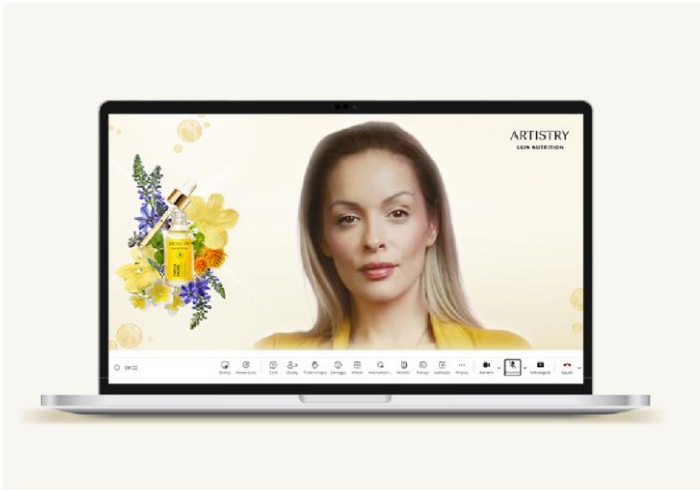

Oil & cream. The Skin-Loving Power Couple.

Still wondering whether you really need oil in your skincare routine. **The answer is YES!** Oils do what creams, alone can't. While creams hydrate the skin by adding water and humectants, oils deliver essential lipids that strengthen the skin barrier and lock in moisture. **Together, they keep your skin hydrated, protected, and healthy-looking over time.**

Use Omega Drops daily — both morning and night — after your Artistry serum and before your moisturiser. 4–6 drops will work wonders on your skin.

**Based on a clinical study. Individual results may vary.*
