

HELP YOUR LIVER WITH KEEPING THE GOOD & FILTERING THE BAD.
SUPPORT YOUR LIVER HEALTH NATURALLY* WITH NUTRILITE™ MILK THISTLE.

*Plant-based product.

THE LIVER - THE TRUE HERO BEHIND THE SCENES

Did you know that... liver is the **largest organ** of the human body besides our skin? And it is responsible for **more than 500 vital functions!***

Whatever you eat, drink and breathe, before going into your blood stream, gets filtered by your liver.

Fatty food

Alcohol

Meds

Pollutants

A healthy liver works like a gatekeeper - helping to filter the toxins out of your system, while keeping the good elements in. That's a lot to take! That's why your liver needs the right support!

SUPPORT YOUR LIVER HEALTH, MAINTAIN YOUR LIFESTYLE

Your liver may undergo some stress from your lifestyle or simply from environmental factors. **Nevertheless, Nutrilite™ Milk Thistle will help you support your liver health.** Milk thistle extract maintain healthy liver, facilitates digestion and helps the body clean itself.

Containing compounds not commonly found in the typical diet, Nutrilite Milk Thistle is an **easy and convenient way to supplement a healthy diet and lifestyle.**

BENEFICIAL POWER OF BOTANICALS

This special Nutrilite™ formula contains the **exclusive blend of botanicals** that are grown on **sustainable NutriCert™ farms**.

DANDELION ROOT

has prebiotic characteristics and **contributes to gastrointestinal well-being** through its **prebiotic effects**.

Enriched with acerola cherry and citrus bioflavonoid concentrates.

MILK THISTLE

extract helps to maintain **normal liver activity**, **facilitates digestion** and is believed to **help the body cleanse itself**.

TURMERIC

contributes to the **liver's health**. It also has **antioxidant properties** and contributes to the **protection of cells** from oxidative stress.

FROM SEED TO SUPPLEMENT

Our Nutrilite™ philosophy is to combine nature and science in perfect harmony to provide your body with all it needs to fill potential nutritional gaps in your diet. The botanicals: **milk thistle, turmeric, dandelion root, acerola cherry concentrate, and citrus bioflavonoids** used in Nutrilite Milk Thistle are all **NutriCert™ certified**. The program ensures high quality, by following our process:

1 CHOOSING THE BOTANICAL

Milk thistle is an ancient herb that's known to maintain the liver's health. **Milk thistle extract** supports your liver & its functions.

2 SELECTING THE SEED

We choose plants with the most blooms since those are the ones that produce **high-quality seeds rich in beneficial nutrients**.

3 CHOOSING THE FARM

Milk thistle is grown in our **NutriCert certified farm**, located in the Southeastern area of the Czech Republic.

4 GROWING

Milk thistle **thrives** in the warm days, cool evenings, and moderate rainfall of summers in this farming region. Our **NutriCert farm documents everything** that happens to crops throughout the growing process.

5 HARVESTING

The **milk thistle seeds** containing the nutrients are what we're after. Milk thistle is mechanically harvested in late summer or early fall **when the seeds reach their peak nutrient content**. The seeds are rushed to be cleaned, dried, and bagged to preserve the nutrients.

6 EXTRACTING

The seeds are **pressed into an extract cake** which is then milled into a **fine product** that gets **blended into your supplement**. Every step, every quality check, is **documented** according to our standards.

7 MANUFACTURING

The milk thistle seed extract is tested - several times along the way before becoming your supplement. Our **product formula does not contain** any artificial sweeteners, colors, flavors, or preservatives.

8 PACKAGING

Nutrilite Milk Thistle is available in a bottle as a **one-month supply of 60 tablets**. The bottle is designed to **preserve valuable nutrients** and to **protect the tablets** from damage during transport.

9 YOU

The **liver works harder than almost any other organ** supporting our health by filtering out all the bad stuff. With you in mind, we have created Nutrilite Milk Thistle. Our seed-to-supplement process ensures that **our products are pure, safe and effective**.

HELP YOUR LIVER WITH KEEPING THE GOOD & FILTERING THE BAD. SUPPORT YOUR LIVER HEALTH WITH NUTRILITE™ MILK THISTLE.
