

g&h Protect UV Sunscreen SPF 50+ PA++++ that protects skin from the damaging effects of environmental aggressors and UVB/UVA rays

“My family’s health and safety is my priority so I am looking for a sunscreen with the highest and broadest protection factor in the industry and a clean formula which is vegan, cruelty-free and contains natural derived ingredients.”

Keep your family safer and healthier throughout the year with this top-to toe sun protection.

Lightweight, fast-absorbing and formulated with earth’s very best botanicals, the g&h Protect Sunscreen 50+ is your daily must-have product for when you’re planning longer hours in the sun.

Provides industry standard highest-level sun protection: Broad Spectrum UVA/UVB SPF 50+ PA++++

Contains **plant-derived prebiotics** that help nurture your skin’s microbiome

Contains Nutrilite-grown Green Tea Extract that provides antioxidant protection, as well as, rosemary and **cica complex water** that help soothe the skin.

Non-sticky, non-greasy formula without leaving white casts, invisible finish

For whole family: including children aged 3 and up

Natural botanical scent with essential oils.
