**DISCLAIMER:** *The information supplied is intended to be used purely for information of Amway Business Owners (ABOs) and is NOT intended to be viewed as an authoritative legal document. #### Procedure to follow when attempting to submit a claim:

1. The member should contact their medical aid directly, quoting their medical aid number and any other requested details.
2. Ask your medical aid provider, if the claim for the supplements is reimbursed under your specific medical aid option.
3. If the claim is confirmed to be reimbursable, you should verify the exact procedure for submitting the claim(s).
4. The claims may be partially or completely refunded from your medical aid.
5. In most cases where a claim is accepted, **the medical aid will require a certified receipt obtainable ONLY from the patient's doctor, dentist, healthcare practitioner or pharmacist,** proving that they have bought the supplement from the medical practitioner in question.
6. Claim reimbursement are usually deducted from your savings from your medical aid option
7. **NOTE: You CANNOT submit an Amway invoice, your own invoice nor that from a supermarket or health shop.**  
Some Medical Aids will not entertain a claim submitted on an invoice from anyone other than the practitioner mentioned in point 5 above.
8. These facts must be verified with the medical aid BEFORE attempting to claim any refund.
