SKU 122941 New eSpring Water Treatment System with Auxiliary Tap

SKU 122943 Replacement eSpring e3 Carbon Filter

*The eSpring Water Treatment System is designed only for use with potable water deemed safe to drink by local public health authorities.

**Based on the average annual usage for a family of six. Actual filter life depends on water quality and usage.

e3 Carbon Filter

Fast, easy filter change. **2 minutes, 1x per year****, **0 tools needed**

Enhanced mechanical filtration

Reduces particulates down to 0.2 microns

Treats up to **5,000 litres of water per year**** (about the amount an average family of six uses).

Equivalent to 10,000 500 mL single-use plastic water bottles that might end up discarded

Effectively Destroys up to:

- 99.9999% of Bacteria
- 99.99% of Viruses
- 99.9% of Cysts*

Effectively Reduces:

- Micro-plastics
- PFOA and PFOS
- 1,2,3-TCPs
- Pharmaceuticals
- Chemicals
- Lead
- Mercury and more

Improves:

- Taste
- Safety
- Sustainability
- Performance
- Filter/maintenance
- User experience

UV UV-C LEDs

Destroys microorganisms with light, not chemicals

Uses **25% less** energy when actively in use compared to our previous model

Designed to last up to **10 years**

No annual UV lamp disposal
