General Information

Amway 100% Satisfaction Money-Back Guarantee

We stand behind the quality of Amway products and guarantee your satisfaction. If you are not completely satisfied, please return your products to us, together with a completed Return Merchandise Authorisation Form (112SA) and a copy of the Amway Tax Invoice, within six months from the date of purchase, and we will gladly replace it without charge. Alternatively, we will extend a credit to you towards the purchase of an alternative Amway product or refund you with the full purchase price. This guarantee excludes VAT, delivery and Transhipment (home delivery) fees for Namibia and Botswana and also excludes delivery fees charged for South Africa. If a product being returned to us has caused an adverse physical reaction the ABO must complete the ‘Amway Cares’ form, which is then sent to our technical regulatory services for quality control purposes.

The Amway Satisfaction Guarantee does not apply to:

• Products that have been used for purposes other than their intended use in normal domestic situations;
• Products that have been intentionally damaged or misused;
• Amway products that provide a specified time period for return; and/or
• Products covered by express written warranties.

Remember these points about the Amway Guarantee:

• The above guarantee is applicable in South Africa, Namibia and Botswana, and is provided in addition to your statutory rights, which remain unaffected.
• Please make sure that you are aware of which products are not covered by the Amway Satisfaction Guarantee. These are covered by separate guarantees, which are explained in the information contained in the product package. Please contact Amway South Africa for further details.
• The Amway Satisfaction Guarantee does not apply to any designated products that can reasonably be expected to have a shelf life of less than six months.
• XS™ Power Drink and/or XS™ Fuel Snack Food Bars Returns Policy available on www.amway.co.za

Integral to the worldwide success of Amway is its unique Sales and Marketing Plan. This plan has withstood the test of time, in multiple currencies, cultures and climates around the globe. It provides a simple and unique mechanism for achieving one’s own goals while helping others achieve theirs. Recognition is offered through the publishing of the honour roll, leadership training seminars and sponsored Amway events. Reward comes in the form of substantial bonuses, commissions on product sales and a long-term business opportunity.

**Recognition**
When we refer to recognition in Amway, it is in the form of non-monetary leadership recognition. We use this platform to show the world how much our Amway Business Owners (ABOs) can achieve! It is also important to let all ABOs know who the achievers are and how people like you and me can have a successful Amway business.

**Recognition on myAmway Online**
ABOs are recognised in the monthly myAmway Online in the Achievers section. The myAmway Online monthly newsletter is emailed to all ABOs. To make sure that you receive your copy, remember to keep your personal data updated.

**Recognition through Amway South Africa’s Growth Incentive Programmes and Business Seminars**
The programmes are designed to reward ABOs for reaching higher qualifications during the performance year. The monthly programme is designed to encourage ABOs to build sustainable business structures. Achievements are built on the principle of helping others to achieve their goals and aspirations, while you are building your business.
PV/BV and Leadership Commission

Point Value (PV) and Business Volume (BV) are two numeric values assigned to most products as well as other ABO purchases. The amount of PV an ABO accumulates each month will determine the qualification percentage level achieved on the Performance Incentive Schedule. PV is calculated by dividing the BV by the current ratio of BV to PV. This ratio is reviewed whenever prices change so that the reward (BV) rises with inflation, while the effort (PV) remains relatively constant. The amount of BV an ABO accumulates each month is multiplied by the percentage from the Performance Incentive Schedule to calculate the gross Performance Incentive earned.

PV/BV is accumulated for all ABOs based on their product purchases and is used to calculate Performance Incentives. PV/BV is allocated on verification of payment. All orders received, processed and paid for before the close of business on the last working day of the month will be included in the PV/BV calculations for that month. Orders received after close of business on the last working day of the month will be included in the following month's PV/BV calculations.

Leadership and Monthly Depth Commissions are modified whenever there are changes to PV and BV. These changes are determined by the ratio between PV and BV. As PV/BV changes are made, the Leadership and Monthly Depth Commissions are recalculated and the updated guarantee amount is published.

Vodacom Direct is a direct-to-the-consumer sales channel (call-centre based) of Vodacom (Pty) Ltd. Vodacom Direct offers customers the convenience of being able to take out a Vodacom contract, whereby customers get a new phone every 24 months, and enjoy the benefits of a wide range of pioneering products and the best quality service. ABOs can enjoy all this from the comfort of their homes or places of business.

• It is hassle free – no paperwork.
• Free delivery.
• Free SIM and connection.
• 14-day money-back-guarantee.
• Prepaid to contract conversion.
• Two-year handset warranty.

WHAT IS THE PROCESS THAT THE CUSTOMER SHOULD FOLLOW?
• If the customer matches the criteria below, ask them to contact the Vodacom Direct Call Centre.
  Note: the customer will need to quote your ABO number when applying for a new contract.

• Would you like to apply for a new cellular contract through Vodacom Direct?
  The customer will need to call the Vodacom Direct Call Centre on 082 1950 with the ABO number. Vodacom credit criteria will apply. Should they qualify for the contract, an order will be placed and the contract will be linked to the respective ABO number. In order to avoid misinterpretation and confusion with orders or information supplied, it is very important to note that discussions and negotiations can only be conducted directly between Vodacom Direct call centre staff and the customer.

*Amway PV rules apply.

• Do you have an existing Vodacom prepaid number you wish to convert to contract?
  Contact the Vodacom Direct Call Centre on 082 1950 with your ABO number, advising them that you wish to convert your existing Vodacom prepaid number to a contract. Vodacom credit-vetting criteria will apply.
VODACOM

- Do you have an existing cellphone number (be it Cell C, MTN, etc.) that you wish to port* to Vodacom Direct?
  Contact the Vodacom Direct Call Centre on 082 1950. *Porting occurs when an existing number, either ‘contract’ or ‘prepaid’, is moved from one mobile network or service provider to another. Porting terms and conditions apply.

- I already have a Vodacom contract and want it to be linked to the Amway-Vodacom Direct Partnership. What must I do?
  Vodacom cannot port an existing Vodacom (Pty) Ltd cellular phone number to the Amway-Vodacom Direct Partnership unless the existing Vodacom contract has reached its term, i.e. 24 months have lapsed. Thereafter, the contract cellular phone number has to be moved to prepaid status for a period of six months before initiation of a new contract through the Amway Vodacom Direct partnership. The number MUST be registered under the new dealer ID in order for the customer to earn points. See the illustration on the right.
• Do you have family and friends who would like to port their cellphone number to Vodacom Direct?
  The same process would apply as outlined in the previous explanation but the customer will need to provide your ABO number in order to have the contract linked.

• How do I upgrade my existing Amway-Vodacom number?
  A new Vodacom Deal Sheet is uploaded on www.amway.co.za/DOWNLOADS monthly, and provides all the latest deals and promotions on offer to Amway-Vodacom Direct clients. If an ABO wants to do an upgrade, they need to contact the Upgrades department on 082 1950, who will provide the ABO with the latest upgrade dealsheet. This dealsheet is for existing contracts already linked to the Amway-Vodacom partnership. If the initial contract was done through Amway-Vodacom Direct, ABOs can only perform the upgrades through Vodacom direct. NB: Upgrades cannot be performed through other service providers such as Nashua Mobile, Autopage Cellular, etc.

• What would I need to do if I did not provide my ABO number when initiating a new contract through the Amway-Vodacom partnership?
  Please send an email to VDAftersales@bytes.co.za providing them with your ABO number, the cellular number as well as the contract initiation date and Vodacom Direct will ensure that it is linked. It is imperative that the ABO number is given to the sales agent at the point of sale.
